

6. It has also been reported that you have gone out of your way without (consultation or approval) by holding and sponsoring unholy meetings with some people who believed that all appointed Pastors should be disregarded and banned from America (Your harvest pamphlet confirms it.) You did not allow the pastors representative to officiate at your harvest which confirms it all.
7. Paragraph six above therefore confirms why you have not been interested in inviting Rev. Pastor P.S. Maforikan and his entourage to America for the past three years.
8. It has been discovered that in places of events you have been attending, you have not openly declared your total commitment to the seat of Pastor that appointed you, or demand their rites and entitlement at such events.

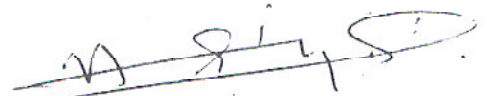

Based on the above and other that you have told at the meetings, which cannot be fully enumerated here. We hereby wish to inform and confirm to you that your appointment remain under review. Within this review period, we hereby direct you based on your verbal commitment at the meeting to put into writing your full commitment and fresh loyalty to the seat of the Pastoral headed by Rev. Pastor P.S. Maforikan and the entire administration.

This letter must reach the office of the Pastor on or before 21<sup>st</sup> of January 2008.

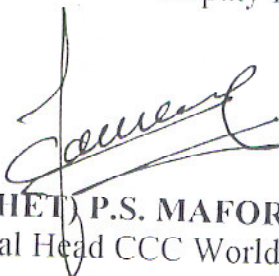

We hope you will comply accordingly.

Thank you and God bless.
